Professor A. Dasgupta

*Founder Dean*

Faculty of Management Studies (FMS) University of Delhi

## **FMS in Historical Context**

Shortly after independence, a band of visionaries led by Professor V.K.R.V. Rao and supported by then Prime Minister Pandit Jawaharlal Nehru, were fired up by the ambition to create a centre for advanced learning and research in the social sciences comparable to the best in the world and worthy of an independent sub- continent.

Thus, in 1948 the Delhi School of Economics (DSE) was conceived on the lines of the London School of Economics. Subsequently, when Prof. Rao became the Vice- Chancellor of the University, the process of setting up four new departments, namely, Sociology, Geography, Business Management and Commerce, was initiated.

Prof. Dasgupta was inducted into the Delhi School of Economics (DSE) by its founder, Prof. V.K.R.V Rao, to nurture the newly constituted Department of Business Management and Industrial Administration. Not unlike his mentor, Prof. Dasgupta too was an institution builder par-excellence. His dream and vision was to take the Department to the status of a full-fledged Faculty, a leading University based institution of management education with the stature of an internationally known School of Business.

Guided by the vision of its founders, FMS lays the highest importance on maintaining excellence in teaching, research, mentorship and collaboration with industry and government.

# LEADING FROM THE FRONT SINCE 1954

---

---

**F**aculty of Management Studies (FMS, Delhi) is one of the oldest B-Schools in the country, established in 1954 under the aegis of the University of Delhi. The institute was started as a part of the Delhi School of Economics and has grown to be a full-fledged management institute. Being a part of University system, it has been contributing to the industry, businesses, government and social sector at par with leading business schools.

Having started with an evening Masters Programme in Management in 1954, it commenced its MBA (Full-Time) Programme in 1967. FMS went on to establish Shanti Prasad Jain Advanced Management Research Centre at University of Delhi-South Campus to promote research and training of managers from India and abroad in the year 1982.

**T**he institute over the years has gained prominence for its learned faculty and students who today occupy coveted positions in the corporate world, both in India and abroad.

Keeping in mind the need of the society and industry, FMS increased intake to its MBA (Full-Time) Programme from 60 to 90 in 1991. The Golden Jubilee Year of FMS in 2004, witnessed launch of another two year full-time programme namely MBA (Management of Services) with an intake of 40 students. In 2011, it merged its two full-time programmes with a combined intake of 226 students. All its programmes today, viz. MBA (Full-Time), MBA Executive, MBA Executive (Health Care Administration), and Ph.D. in Management are well accepted by the industry.

# A TRANSFORMATIONAL JOURNEY OF RICH AND EXPERIENTIAL LEARNING

The business world around us is evolving rapidly, and change is perhaps, the only constant. The intensity and speed with which the forces around us are shaping our environment are immensely complex and challenging. Thus, it has become all the more important for us to be able to think strategically and master core business disciplines in order to become the true leaders of innovation and change.

Over the past 66 years, FMS has helped shape diverse personalities and unique talents in order to imbibe the spirit of achieving excellence. The intellectual rigour and exposure that FMS students receive is immense. FMS has carried forward its legacy of 65 years by unifying academics with leadership skills, providing practical experience and training, and most importantly, helping one attain the heights one aspires to reach.

What sets the MBA programme at FMS apart from any other institution's, is the ideal mix of opportunities, corporate exposure, and the kind of conducive academic environment that allows the students to realize their dreams, with the flexibility in the curriculum. This journey has truly been transformational for all who have been part of the FMS legacy. The intense mentorship programme and spectrum of activities carried out, instils within every individual the values and culture that this B-School has stood for over all these years. At FMS, one has the liberty to initiate new activities and the collaborative spirit of students makes it possible for numerous such efforts to bear fruits every year.

Those who have walked in through the hallowed portals of FMS will agree that this institution teaches you to take risks and not be afraid to fail. It also imparts the true value of human relationships and how success is driven by it. We are confident about achieving our goals, but we value our failures just as much as our achievements. FMS respects and appreciates your passion and fuels it, so that wherever you go, you leave behind a mark - the mark of a winner.

The combination of a flexible curriculum, a wide array of learning opportunities and a conducive academic environment is the hallmark of this institute. The transformational journey starts from day one and a new entrant is introduced to the culture and values of FMS through an enriching classroom experience and intense mentorship programme. The learner is empowered to collaborate as well as take independent initiatives throughout the year. As much as it is possible to sum up a community, this is FMS having balanced individuals who approach work and play with equal intensity; confident achievers who are brave enough to make mistakes and humble enough to accept them; and dreamers who are grounded enough to know that getting to the top is more fun when the journey is shared. It is this drive and enthusiasm that differentiates and distinguishes us from all others, giving us the winning edge - wherever we go, whatever we do.

# MBA Executive & MBA Executive Health Care Administration Programmes

---

---

Since 1954, the Faculty of Management Studies (FMS) has been preparing leaders for business and society. Over the years, students from FMS have gone to occupy leadership positions in business, government, academics, policy making and civil society

In response to changing needs, FMS has always taken the initiative to develop new programmes and update the curriculum and pedagogy of its teaching and research.

The modular design of the two year evening MBA Executive and MBA Executive Health Care Administration (HCA) programmes has been divided into four semesters. This builds a strong foundation in the basic areas of management and allows the students to choose elective papers in functional areas of their interest. The curriculum of MBA Executive and MBA Executive Health Care Administration programmes rests on two pillars: providing a strong conceptual foundation in the discipline of management in the first year and enabling a high degree of academic flexibility, thereby allowing students to tailor their MBA experience.

The MBA course structure is closely aligned with contemporary business requirements. The focus is on producing leaders with sound fundamentals who have the ability to challenge conventional wisdom by path-breaking innovations and the ability to execute the most daunting of challenges in trying circumstances.

Working executives are required to complete core as well as elective courses. The first year of the course concentrates on imparting management fundamentals in areas like Human Resource Management, Organizational Behaviour, Marketing Management, Managerial Finance, Quantitative Methods, Managing Information Technology, Operations Management etc.

This ensures that the executive is introduced to the technical, economic, social and human side of management. The second year maintains the momentum by building on these fundamentals and requires students to choose electives in various areas such as Finance, Marketing, Strategy, Information Technology, Operations Management, Human Resource Management, Organisational Behaviour and Entrepreneurship. Along with these courses, the students are also exposed to business strategy courses which focus on skills that enable future leaders to diagnose complex business situations and resolve strategic and organizational problems. The classroom sessions are supplemented by corporate sessions, guest lectures, field studies, live projects and workshops which ensure that the executive learns the practical applications of the acquired knowledge.

The classes are held in evenings from Monday through Friday, but are often held for a longer duration on Saturday.
